Beyond Academics...

Become a part of friendly, warm, and well- rounded global community, one that will stay with you for years to come.

Founder Director's Message

Dear Parents

I extend a warm welcome to you in Adhira International School, Punawale, Pune. The Contemporary World is in a competitive race wherein each parent would expect their child to excel in all the areas, which in turn can inject a lot of stress in these pure souls for performing well.

Navadhira Foundation believes in retaining the innocence and bring out their innovative self. This philosophy not only helps teachers to bring the holistic development in the students but to ensure the parents about the same.

We aim to create happiness in learning and objective based education and objective based education by giving the students a reason behind doing or learning things.

Our education will prepare the students to think and act creatively, demonstrate high performance and meet the highest expectations. Our focus will also be on channelizing our student's inherent talent from an early age to help them to achieve their appropriate place in the field of their interest.

The future lies in our own hands and it is not circumstantial.

Shri. Navnath Maruti Dhawale

Founder Director

Navadhira Education Foundation

Steps into vibrant land of dreams and aspiration,
where little minds are nurtured to create a powerful nation.

A playful yet disciplined environment that builds young generation,

students to become tough , creative, innovative and competitive.

The Only School With CBSE Curriculum At Punawale

CBSE is one of the most preferred boards in the country and the reasons are many. CBSE is behind maintaining uniformity among all the students across India. It's effectiveness is reflected on the number of schools affiliating with it each year. It covers basic and general knowledge required for a child to move forward in terms of education.

The prime focus of the Board is on

- ✓ Innovations in teaching-learning methodologies by devising students friendly and students centered paradigms.
- ✓ Reforms in examinations and evaluation practices.
- ✓ Skill learning by adding job-oriented and job-linked inputs.
- ✓ Regularly updating the pedagogical skills of the teachers and administrators by conducting in service training programmes, workshops etc.
