Beyond Academics...

Become part of friendly,
warm, and well-rounded
global community, one that will
stay with you for years to come.

Step into the vibrant land of dreams and aspiration

Where little minds are nurtured to create a powerful nation

A playful yet disciplined environment that builds young generation

With special focus on sports, physical fitness and High-quality education

Adhira International provides ideal environment; safe, healthy and conducive

For students to become tough, creative, innovative and competitive

Founder Director's message

Dear Parents,

I extend a very warm welcome to you all in Adhira International School, Punawale, Pune. The contemporary world is in a competitive race wherein each parent would expect their child to excel in all the areas, which, in turn, can inject a lot of stress in these pure little souls for performing well.

Navadhira Foundation believes in retaining the innocence and brings out their innovative self. This philosophy not only helps the teachers to bring the holistic development in the students but also ensures the parents about the same.

We aim to create happiness in learning and objective based education by giving the students a reason behind doing or learning things.

Our education system will prepare the students to think and act creatively, demonstrate high performance and meet the highest expectations. Our focus will also be on channelizing our students' inherent talent from an early age to help them to achieve their appropriate place in the field of their interest.

The future relies on our own hands and it's not circumstantial.

Shri. Navnath Dhawale

Founder Director,

Navadhira Education Foundation

The Only School With CBSE Curriculum At Punawale

CBSE is one of the most preferred boards in the country and the reasons are many. CBSE is behind maintaining uniformity among all the students across India. It's effectiveness is reflected on the number of schools affiliating with it each year. It covers basic and general knowledge required for a child to move forward in terms of education.

The prime focus of the Board is on

- ✓ Innovations in teaching-learning methodologies by devising students friendly and students centered paradigms.
- ✓ Reforms in examinations and evaluation practices.
- ✓ Skill learning by adding job-oriented and job-linked inputs.
- ✓ Regularly updating the pedagogical skills of the teachers and administrators by conducting in service training programmes, workshops etc.
